

Solid, finger-jointed and laminated profiles for timbers windows

Requirements and Testing

Massive, keilgezinkte und lamellierte Profile für Holzfenster

Anforderungen und Prüfung

Austrokantel
Verein österreichischer Bau- und
Fensterkantelerzeuger, Wien

EMPA
Eidgenössische Materialprüfungs-
und Forschungsanstalt,
Dübendorf

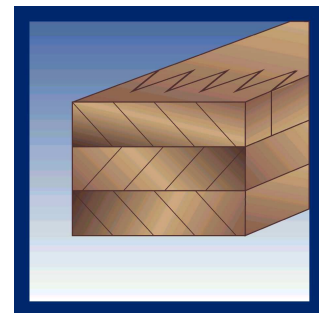

HFA
Holzforschung Austria, Wien

Institut für Fenstertechnik e.V.,
Rosenheim

Berner Fachhochschule,
Schweizerische Hochschule für die
Holzwirtschaft, Biel

1	Scope	3	3.3	Machining	14
2	Requirements	3	3.3.1	Longitudinal joints (abutting joints)	14
2.1	General	3	3.3.2	Lamination and gluing in width	14
2.2	Qualification of personnel	4	3.4	Bonding conditions	15
2.3	Operational requirements	4	3.4.1	Climate	15
2.4	Materials	4	3.4.2	Finger joints	15
2.4.1	Timber	4	3.4.3	Lamination	15
2.4.2	Adhesive	8	4	Test of machine-finished profile	16
2.5	Profiles	9	4.1	Timber quality, growth properties, annual ring position	16
2.5.1	Dimensions, surface properties, dimensional changes	9	4.2	Moisture content	16
2.5.2	Cross sections of profiles	10	4.3	Dimensions, surface properties, cross section, structure, dimensional changes	16
2.5.3	Structure of bonded profiles	10	4.4	Longitudinal finger joints	16
2.6	Machining	11	4.4.1	Tightness and absence of shakes	16
2.6.1	Lamination and gluing in width	11	4.4.2	Application of adhesive	16
2.6.2	Longitudinal joints (abutting joints)	11	4.4.3	Bending strength	17
2.7	Bonding conditions	12	4.5	Lamination	17
2.7.1	Storage and mixture of adhesive	12	4.5.1	Application of adhesive and tightness of lamination joints	17
2.7.2	Climatic conditions	12	4.5.2	Bond strength	17
2.7.3	Finger joints	12	5	Surveillance	18
2.7.4	Lamination	12	5.1	In-house control (in-house quality control)	18
2.8	Identification marking	13	5.2	Third-party surveillance	18
2.9	Marks of product certification	13	5.2.1	Evidence of suitability of a system	19
3	Test of components and machining requirements	13	5.2.2	Initial audit	19
3.1	Materials	13	5.2.3	Regular audit	19
3.1.1	Timber	13			
3.1.2	Adhesive	14			
3.2	Profiles	14			

5.2.4	Measures in the case of non-compliance with the requirements	19
5.2.5	Special audit	20
5.2.6	Surveillance report	20
